

TEXTBOOK SELECTION POLICY

It is the policy of the Perry Board of Education to appoint a committee for the purpose of selecting textbooks to be used in this school district. The committee will be composed of the superintendent or his designee - who shall be a principal or a curriculum specialist, and six classroom teachers. The superintendent or his designee shall serve as chairperson.

The superintendent is directed to prepare a regulation implementing this policy and establishing procedures to be followed by the committee in the selection of textbooks. The administration will ensure that all textbooks necessary for completion of assigned work are routinely available to every student.
