

Perry High School Texting and Driving Mock Accident Notice

The Perry High School Student Council and the Perry High School Healthy Schools Committee have teamed up with the Air Methods Corporation, Brown-Dugger Funeral Home, Oklahoma Highway Patrol, Perry Fire Department, Perry Police Department, Stanley's Wrecker Service, and Trout Funeral Home to stage a Texting and Driving Mock Accident that will be held in the Perry High School ag parking lot (10th & Elm) on Thursday, March 15, 2018, at 10:00 A.M.

The Texting and Driving Mock Accident will be treated by the first responders as a real emergency. Dispatch will send first responders to the scene. Do not be alarmed. Emergency vehicles will respond with lights and sirens. There will also be a life flight helicopter on scene.

These efforts have been made, so that Perry High School students can learn about the serious consequences of texting and driving. Because space is limited and to ensure that students receive the full benefit of the presentation, the mock accident will not be open to the public.

Please be aware this is a mock accident and NOT a real emergency.
