

ANNUAL STATISTICAL/FINANCIAL REPORTS

The Perry Board of Education shall make annual statistical and financial reports to the State Board of Education in a timely manner. The statistical report shall be made as of June 30. Each of such reports shall be filed with the State Board of Education as soon as information is available following the effective date of such reports.

Each year, the district shall transmit a copy of the income and expenditures data to the State Department of Education per the State Department of Education required timeframe. The Department shall post the data on the Department's Internet web site in a form that is accessible to the public.
