

**REPORTING STUDENTS UNDER THE INFLUENCE OF OR
POSSESSING ALCOHOLIC BEVERAGES OR CONTROLLED
DANGEROUS SUBSTANCES**

Administrators, teachers, or counselors shall immediately notify the principal or designee when there is reasonable suspicion that a student may be under the influence of, or has in his or her possession, alcoholic beverages - including the legally nonintoxicating beverage commonly referred to as 3.2 beer (low-point beer) - or a controlled dangerous substance as defined by law. The principal or designee shall immediately notify the superintendent or designee and the student's parent/guardian of the report.

Any search, seizure, or subsequent disciplinary action shall be subject to applicable school policies, regulations, state laws, or student handbook rules.

Every administrator, teacher, or counselor or security personnel employed by the board of education who has reason to believe that a student is under the influence of, or has possession of, alcoholic beverages (including 3.2 beer) or a controlled dangerous substance and who reports such information to appropriate school officials shall not be subject to civil liability unless such referral was made in bad faith or with malicious purpose.

This policy shall be distributed to each classroom teacher. Receipt shall be acknowledged in a form to be determined by the superintendent.

NOTE: A copy of this policy must be filed with the State Superintendent of Public Instruction in accordance with 70 O.S. §24-138. While the cited statute requires only that school districts develop a written policy requiring only *teachers* to report students under the influence of certain substances, the State Department of Education has interpreted the civil liability exemption statute (70 O.S. §24-132) as requiring school administrators, teachers, or counselors to make such reports. Therefore, a school district's policy may be written to require reporting by administrators, teachers, and counselors.
