

**COLLEGE COURSEWORK  
STUDENT**

The Perry Board of Education believes that students should be encouraged to prepare themselves for study beyond high school when possible. Therefore, all senior students who wish to attend college courses may request to do so.

The superintendent will designate a staff member who will make personal contact with every junior and their parents/guardians, individually or in groups, during the fall semester to present materials and to explain the concurrent enrollment program.

Notices will be posted in at least two places conspicuous to students calling attention to the concurrent enrollment program and naming the contact person.
